At ACIS, we take the welfare of each and every participant on our tours very seriously. Just as we work tirelessly to provide once-in-a-lifetime experiences to group leaders and students, we are equally committed to ensuring that all of our travelers return home safely. Our safety and support infrastructure has been a cornerstone of our business for more than 40 years.

Duty Officer System

Our 24-hour Duty Officer system operates seven days a week in the U.S. and overseas to deal with any emergency quickly and professionally.

Professionally Trained Tour Managers

Travel Security Waiver

All travelers are offered a re-routed itinerary at no charge that takes effect in the event that the [US State Department](#) issues an official Travel Warning following a terrorist attack against US interests or other threat in a country to be visited on an upcoming trip.

Safety Monitoring

The safety of ACIS participants is our paramount concern. ACIS follows the recommendations of the U.S. State Department regarding overseas travel. We receive daily updates and rely on government guidelines to help us make decisions concerning the safety of our travelers. In addition, we review statements from the [Centers for Disease Control and Prevention](#) (CDC) and the [World Health Organization](#) (WHO) regarding any issues affecting public health.

Peace of Mind Plan

ACIS’ Peace of Mind policy allows group leaders, at any point up to 45 days before departure, to change the travel dates of a tour or change the itinerary of a tour. Travel modifications must be submitted in writing and finalized by 45 days before departure, and the group will be responsible for any cost differential.
